

# SELECON

## PRODUCT DATA SHEET

### CYC

The Acclaim Cyc, an asymmetric flood which will evenly light a cyclorama or back-cloth from a top mounting position only. 200 - 500w. Designed to illuminate cloths up to 5 - 6m high. A very effective ground-row when positioned on the floor. Constructed of injection moulded Rynite plastic and aluminium extrusion. The Acclaim Cyc offers efficiency, strength and performance.

#### FEATURES

- Smooth and well controlled light output.
- Dual chamber air flow maximises colour filter life.
- Single units can easily be joined into 2, 3 or 4 way battens.
- Makes a very effective ground-row. The safety bond points on the top of the luminaire act as feet
- Dismountable colour filter holder. The filter clamp frame doubles as a template to cut the filter to the right size.
- Single piece yoke is available for the three and four unit battens.
- Constructed from aluminium extrusion and plastic injection mouldings.
- Easy and safe access for relamping and cleaning with hinged safety glass which disconnects the mains when opened.
- Fully tested and compliant to CE standards.

#### PHOTOMETRIC DATA

Tests conducted using a standard R7 118mm double-ended Linear lamp, 500w, 240v.
